INDIA RUBBER GLOVES AND MITTENS. INDIA RUBBER GLOVES AND MITTENS.

Great improvements have been made in the manufacture of these goods of late, and we can now recommend them for general use. The heavy gloves and mittens are unrivalled as a protection in all hinds of acid work of the chemist druggist and photographist, manufacturing and handling of potables and other strong alkalies; for oysternen, drivers in storms and loce companies in the fire department. We would particularly call the atomic of Farkens, factualists, Harrisas, Tankens, Ministers and Lowerments to these gloves and mittens as being well adapted to their use. They are superior to the buck mitten, especially in well were. The latest Groves and mittens, as a protection of the superior to the buck mitten, especially in well were.
